Absolutely the Best.

In no case have we sacrificed quality of material for price, but on the contrary, it will be found that we have in every instance purchased the highest grade of material obtainable in the English or American markets. Having secured this advantage and greatly improved our facilities, reducing the cost of construction, we are able, with this unexcelled line of high grade wheels, to meet the popular demand for a substantial reduction in price.

# BRADFORD ACADEMY.

BRADFORD ACADEMY.

**BRADFORD ACADEMY** is the oldest seminary for young women in the country, founded in 1803 and incorporated in 1804. The school edifice, including the boarding and school departments under the same roof, is located near the centre of an area of twenty-five acres, twelve of which is covered with a forest of oaks, sprinkled with the rare tupelo trees, and fringed with the poplar-leaved birch.

It has spacious corridors, is lighted with gas, heated by steam, is furnished with bathing-rooms and all modern conveniences for comfort and health. Music and art departments are separate.

The views on every side have rare beauty. The valley of the Merrimack, with its surrounding heights, the mingling of forest and meadow, of lake and river, of village and city, with shaded streets, as seen from the windows of our Academy, give exquisite enjoyment to all who have a love for natural beauty.

A parlor and two sleeping rooms constitute a suite to be occupied by four pupils. Single bedrooms can be had for additional charge. All the suites in the east and west wings are furnished with single beds. The rooms are eleven and twelve feet high, and receive a full supply of air and sunlight. The furniture, carpeting and bedding are tasteful and comfortable. There are no dark bedrooms. There is not an unpleasant room. The front windows look out on the valley of the Merrimack and the city of Haverhill, lying on the sunny slopes of the northern bank. The views in the rear take in a wide range of meadow and forest.

## THE LIBRARY.

The library rooms are never closed. There is free access to the books. The books have been selected with great care, and the departments of Art, Literature, History, Philosophy and Natural Science cover a white range, and include all authors which may be of use in the course of study, or helpful in the development of character.

## Object of the Institution

BRADFORD ACADEMY is devoted to Christian education. The trustees have no interest in it financially. They receive nothing for its care. All that comes from the school is expended for the pupils. The design is the development of Christian womanhood. By the best nurture, by the choicest instruction, by all personal influence and example, the teachers endeavor to train the pupils for the highest service to which God may call them. The Academy has a sacred history. Mrs. Judson and Harriet Newell were among its early pupils. The whole history has been marked by revivals. Its pupils are in all the world. The influence of its Christian teachers is felt far and wide.

## Healthfulness

The location is high, the air is fresh, sunlight abundant. Pupils have invigorating exercise in the open air, boating and skating on the lake, bowling in the alley, or walking in the grove. The Academy is supplied with approved apparatus, and the regular drill, in classes under the teacher, in the gymnasium, gives pleasure and profit.

The open grounds are laid out in spacious lawns and adorned with shrubs and flowers. Paths are laid through the forest, along the side of the lake, through the dense thickets and the open woods, affording many views of wild and picturesque beauty. The pupils have perfect freedom in the grove as it is protected from all intrusion.

## CHRISTIAN EDUCATION.

"There is in human language no motto so fit to be inscribed over the portal of a seminary of learning, or to be adopted as a summary of what a liberal education ought to be, as the words, 'Add to your faith, virtue; and to virtue, knowledge.' Faith, the corner-stone; virtue, the completed foundation in perfect symmetry with it, and in kindred strength and beauty, laid firm on the Rock of Ages, immutable and everlasting; knowledge, the superstructure, rising story above story, built on the earth, to be made eternal in heaven."

"I know that it has been the foremost aim of those in charge of this institution to make it, first of all, a Christian seminary."

"Yours may be a mere house-lamp, yet, if kept full and bright, it will shine for all that are in the house, and through the windows, too, and those from without will light their lamps from yours, often without your knowing it, so that rays of your kindling may shine far and wide, long after God has made the modest house-lamp a star in heaven."

The Academy prepares large classes of young men for the colleges, the scientific schools, and in some cases for the professional schools. More than one hundred candidates went to colleges last year.

The Faculty consists of sixteen professors and instructors.

The pupils last year numbered four hundred and seventy-six, nearly one half of whom were from New England, and the others from more distant places.

The next year begins Sept. 12, 1894, and closes June 20, 1895, with vacations at Christmas and at Easter.

The expenses vary from \$250.00 to \$500.00 a year, according to the accommodations selected.

The income of the benevolent funds and scholarship endowments amounts to five thousand dollars a year.

The present urgent needs of the Academy are funds for teaching and for buildings, and for various current uses.

For further information, and for copies of the annual catalogue, address PRINCIPAL BANCROFT.

# ABBOT ACADEMY,

## ANDOVER, MASS.

Abbot Academy, founded in 1829, is a seminary for the higher education of young women. It presents extended courses in Latin, Greek, French, German, History, Literature, and Science. It provides the best facilities for Music and Drawing. As the seat of several educational institutions Andover offers many incidental benefits, while its proximity to Boston renders the advantages of that city easily available.

Draper Hall furnishes boarding accommodations for all students of English and German, distinct floors for Music and Art, a well-lighted Reading Room, and the Library. There are suites of two rooms, a parlor and a bed-room, for two persons; large double rooms, and a few single rooms. All who study French live in Smith Hall, where that language is the medium of conversation, except in recreation time. In this Hall there are only single rooms.

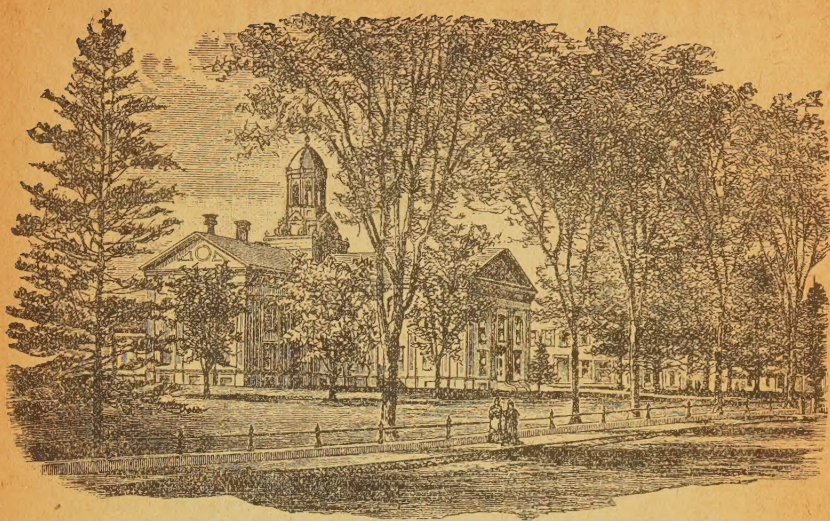

The College Preparatory Course gives certificate to any College that admits on certificate.

The total expense, for board, including fuel, lights, and washing, and for tuition, except music and drawing, is \$400 per annum.

The sixty-sixth year begins on Thursday, Sept. 13, 1894. Apply for catalogues to W. F. DRAPER. For information or admission to the Principal,

# WHEATON SEMINARY

## FOR YOUNG LADIES.

### NORTON, MASS.

The 59th Year begins Sept. 13th, 1894.

Norton is situated on the Providence Division of the Old Colony Railroad, within one hour's ride of Boston and six hours' ride of New York City. The town is pleasant and healthful, and furnishes peculiar advantages for a girls' school. Its quiet and secluded situation affords opportunities for varied out-of-door exercise, and permits greater freedom than would be otherwise possible.

The Seminary Hall contains spacious recitation rooms, cabinets, laboratory, studio, library and gymnasium, all arranged to secure good light and ventilation. The Home is separate from the Hall; its rooms are well ventilated and attractively furnished. Both buildings are heated by steam. No expense has been spared to secure perfect drainage, and water is pure and abundant.

The limited number of pupils permits that familiar personal intercourse with the teachers upon which the formation of correct habits so largely depends. The school aims to furnish, by its course of study, the best facilities for a full and symmetrical development of mind and character. Since the highest culture must be founded on an earnest faith in the Bible, it is the endeavor of the teachers that a constant and pervasive Christian influence shall be felt throughout the school. Special care is given to the health of pupils.

The regular course of study covers four years. Pupils can enter the Preparatory Department, or join such classes as they are fitted to enter, without pursuing the full course. In all branches the instruction is systematic and thorough, and is accompanied by familiar lectures. It aims to cultivate breadth of thought and accuracy of expression by careful individual training. Appropriations are made for lectures on scientific, historical and literary subjects. Private lessons in Vocal Music, Drawing and Elocution are given to advanced and special students; French and German are spoken in the class-room and at table in the dining-room.

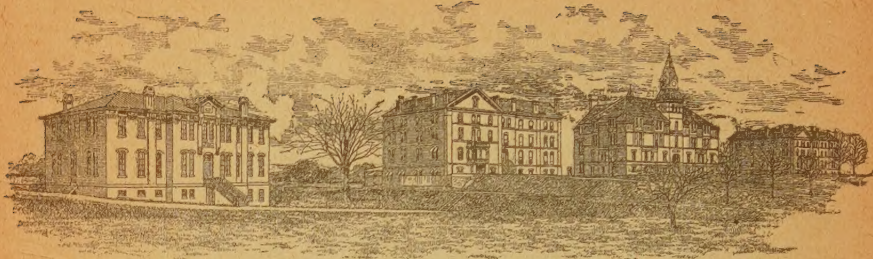

The entire annual charge for board (including room, fuel, lights and washing), and for tuition (except special lessons in Elocution, Music and Drawing), is \$300.

By arrangement with the Principal or Trustees, the tuition of Daughters of Clergymen and Missionaries may be remitted.

Board of Trustees: A. H. Plumb, D. D., Boston (President); Jacob Ide, D. D., Mansfield (Secretary); Mr. Edwin Barrows, Providence (Treasurer); Mr. Samuel Johnson, Boston; Mr. Chas. G. Chase, Brookline; Michael Burnham, D. D., Springfield; Hon. Wm. H. Fox, and Rev. S. V. Cole, Taunton; Jas. G. Vose, D. D., Providence.

# ATLANTA UNIVERSITY,

ATLANTA, GA.

REV. HORACE BUMSTEAD, D. D., PRESIDENT.

**The Institution** has **500 students**, under 28 officers and teachers, in all grades of study, from the primary school up through grammar, normal, and collegiate courses.

**Industrial Training** is given to boys in wood-working, iron-working, mechanical drawing, printing, and farming; and to girls in printing, cooking, sewing, dress-making, laundry work, nursing the sick, and domestic economy.

**The Religious Training** given is thoroughly Christian, but strictly unsectarian. An eminent Georgian recently said: "The public school teachers furnished by Atlanta University have not only the education, but also the character needed, and they do as good work as is done in the white schools."

**The 253 graduates** from normal and college courses are spreading their leavening influence through Georgia and surrounding states. More than two thirds are teaching, many being principals of city schools. Hundreds of undergraduates are also teaching every summer. As many as 15,000 children are taught annually by teachers trained in the University.

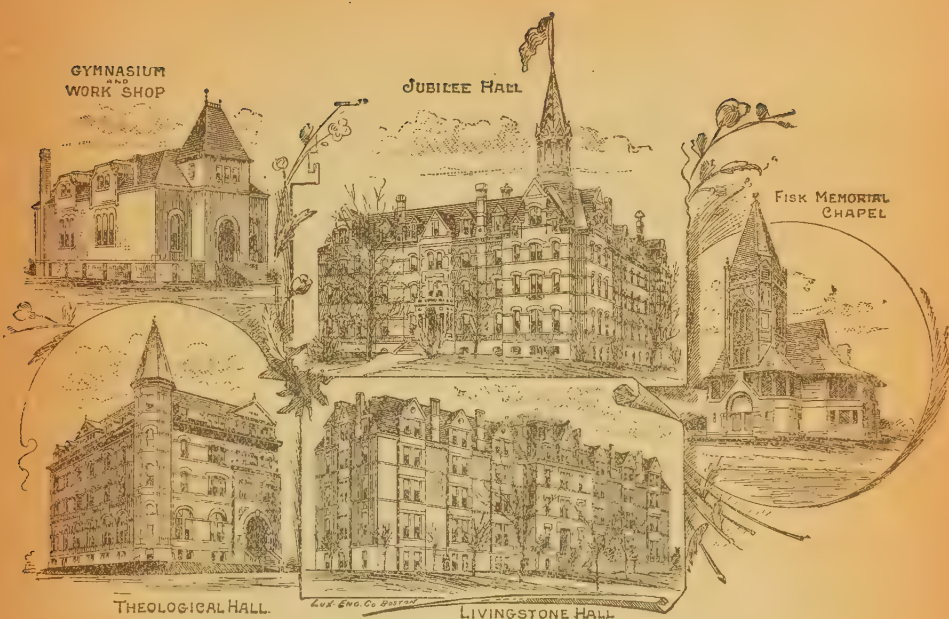

**The Property** consists of sixty-five acres of land within the corporate limits of Atlanta, four large brick buildings, substantially but very economically built, library of 7,000 volumes, apparatus and industrial equipment. Besides about \$33,000 of invested funds, mostly scholarships, it has no endowment.

**An Endowment** of at least \$500,000 for current expenses is urgently needed, and until it is secured an appeal must be made for annual scholarships to carry on the work now organized.

**An annual Scholarship of \$40** for each student will cover the cost of tuition over and above the nominal tuition fees paid by the student. Sunday schools, Christian Endeavor societies, and individuals frequently furnish one or more of these scholarships.

**Legacies** should be made payable to "The Trustees of the Atlanta University in Atlanta, Ga."

Fisk University has in successful operation the following departments :

- I. THE COMMON ENGLISH, which has been maintained to meet a continued need on the part of many of the patrons of the University.
- II. THE NORMAL, which has a course of study extending over four years, beginning with Latin and Algebra.
- III. THE COLLEGE PREPARATORY, which has a course of study extending over three years, beginning with Latin and Algebra, and requiring two years of Greek.
- IV. THE 'COLLEGE, which has a four-years' course of study additional to that provided in the College Preparatory course.
- V. DEPARTMENT OF MUSIC, with an extended course in both instrumental music and voice culture. There are 150 pupils in this Department. In addition, vocal music is taught throughout all the courses of study. The Mozart Society studies and renders the Classics in music.
- VI. INDUSTRIAL. Printing and Carpentry are taught to young men. The young women are instructed in Nursing, Cooking, Sewing, and Printing.
- VII. THEOLOGICAL. For the use of this Department the building represented by the above cut has been erected by the American Missionary Association. The course of study extends over three years.

The University has a campus of thirty-five acres, with buildings and other appliances for its educational work, which could not be replaced for \$350,000. Number of students, 535.

The University is without endowment. The annual expenses, above the small income from students, are met by voluntary contributions, made directly to the University, or through the American Missionary Association which founded the University, and has continually fostered it. THE DEMAND IS NOW IMPERATIVE FOR AN ADEQUATE ENDOWMENT. Happly some one reading these lines may find pleasure in helping towards this endowment.

# SMITH & ANTHONY COMPANY'S HOT BLAST APPARATUS,

For Heating and Ventilating Buildings of all classes,  
by a Forced Circulation of Air.

It consists of drawing air from out of doors, over steam coils, or specially constructed Hot air Heaters, so arranged that a large or small amount of air may be used as required by the temperature outside. This air is forced by a blower through the various heating ducts to the rooms desired to be heated, and admitted at or near the top. From the base of the room ventilating ducts of an equal capacity with the heating ducts are placed, through which is forced all the cold and impure air. In this manner the air in a church, for instance, can be changed as often as desired, by changing the velocity of the blower, thereby rendering it pure and exhilarating, which is of untold value both to the speaker and audience. It is the only system that can do this satisfactorily.

We are the New England Agents for the celebrated Huyett & Smith Mfg. Co.'s Fan System for Heating and Ventilating large buildings, and can furnish any size plant. We make a specialty of heating and ventilating churches and school-houses. The Youth's Companion Building, Boston, the High School, Arlington, Mass., and the First Congregational Church, Nashua, N. H., are typical illustrations of our work in this line.

We also do a large business in Direct Steam, Hot Water and Hot Air Heating. Special circulars, pamphlets, etc., gladly sent on application, and the services of our engineers placed at the disposal of committees interested in securing the best results in Heating and Ventilation.

### NOTE.

"Every church and every minister upon the rolls of the denomination" is entitled to share in the distribution of the YEAR-BOOK. For this very practical purpose, "the rolls of the denomination" must be assumed to be the tables and list of the YEAR-BOOK, and the claim of any church or minister to receive it, errors excepted, does not arise until such church is found in the YEAR BOOK's tables, or such minister's name is enrolled and printed in its "List of Congregational Ministers" here reported and printed. To purchasers, the price is \$1.00; or, in cloth, \$1.25. Those entitled to receive it who prefer a cloth binding can have it in that form by sending 30 cents to

## INTRODUCTORY.

---

THE YEAR-BOOK recovers the two weeks lost last year in the date of issue, and nearly a week more. If the later reports from the States had gained as much as the earlier, we should easily have gained two weeks more and secured an issue near June 1. While this has not been done, the experience of the year is hopeful, and we believe that this may be accomplished in 1895. To this end, we appeal confidently to the States, whose reports came late this year, to do as well as their earlier neighbors and have no doubt that wherever the *will* exists, the *way* can be found.

Omitting some smaller States, we group here the various reports in the order of their reception. To Maine belongs the honor of the earliest, received Feb. 14, followed by Oregon, Texas, Rhode Island, Tennessee, New Jersey, Vermont, and New Hampshire, eight States reporting in February. Massachusetts heads the March list, followed by Ohio on the same day, and by California on the next, March 3. Others received the same month were Kansas, Oklahoma, Indiana, Kentucky, Nebraska, Michigan, Washington, Iowa, Wisconsin, and Alabama, thirteen States, leaving nine to come in April, — North Dakota, Colorado, New York, Georgia, South Dakota, Illinois, Minnesota, Florida, and Connecticut. Sixteen of these States reported before March 15, and fourteen after. The latter can do as well as those which have demonstrated that the earlier date is feasible, and their sister States expect as much of them.

The publishing committee have addressed a circular letter to the later-reporting States on this subject, and the practical suggestions of that letter may be repeated here:—

“1. A time limit, beyond which no promise shall be given that tardy reports shall be used.

“2. That the month of January gives ample time for collecting the reports of any local Conference or Association; and that all local reporters be instructed accordingly.

“3. That reporters, State or local, are not justified in holding their returns beyond a reasonable date, for final and absolute completion. When due, they should be forwarded, complete or incomplete, to the secretary who is waiting for them. Laggard items, if the reason is sufficient, can be forwarded and used in a later stage of the editorial work.

“4. That the States would prefer the best possible returns in February to any added completeness secured by longer delay.”

The churches call, with reason, for the earliest practicable issue of the YEAR-BOOK. They do not desire, and would not sanction, any sacrifice of the fulness and thoroughness which have come to be honorably recognized as distinguishing it; but they do not believe that six months are necessary for its completion, and they look to each State to do its share and its best towards an earlier date of publication.

This “best” will not be done, by any sacrifice of the completeness which the reports call for. A report from every church is to be loyally, vigorously, irresistibly sought; and one which does not carelessly or lazily omit items. Somebody will look for any missing item and the YEAR-BOOK wants them for such students and inquirers; wants them for its own completeness. Its summaries will be scant

or upset without them, and any reporter or secretary who lets an item slip, as of small account, leaves the necessity of correspondence, trouble, and delay to make up for his carelessness.

The importance of the alphabetical list of ministers is not appreciated by some local reporters. For instance, a post-master was recently written to for information of a minister who did not answer letters, and replied that the man had "moved away seven or eight years ago"! But some reporter had kept on repeating his name and address, without any attempt to verify his assumed facts. Another name reported from the same State was of a good brother, whose obituary was in the last YEAR-BOOK; and from two other States, last year or this, came the names of men who had died one or two years previously! Our list should be free from such miscarriages; but it will not be if local reporters assume that last year's facts are the facts to-day, and forget that they are responsible for every item, repeated without verification. If the reporter does not know that a man's post-office remains as last year, he should not affirm it as a fact. If he cannot verify it by correspondence, he should omit the assertion and not mislead. Scores of YEAR-BOOKS are wasted every year by such slipshod reports for which the local secretaries, it is to be feared, seldom recognize their own responsibility.

One source of this and other evils is the too great freedom with which ministers are permitted to retain their membership in an association or conference, long after they have moved away, and when for all purposes of fellowship and responsibility their membership has ceased to be more than nominal. In some cases this is done and permitted without due consideration; in some there is reason to suspect that this absentee membership is simply retained as a very convenient means of keeping a place in the YEAR-BOOK list, while escaping the duty and responsibilities of fellowship. Our brethren who go abroad on missionary service have scant opportunity for such fellowship and may properly be exceptions to the general rule, and there are rare instances where the same exception can be safely made in favor of home laborers; but the easy-going good nature which keeps on reporting former members far or long absent, multiplies this number many times. It may not be time for the Council to adopt a rule that the editor shall insert no name not reported or attested by the secretary for the State in which the minister lives; but our usage ought to eliminate most of the cases which disregard such a propriety.

There is an inaccuracy in the reported number of our ministers which springs from this source. Men whose standing is in some other State, are occasionally counted by each State. Ministers without charge should, of course, be counted only by the State in which their standing is recorded and reported, for the State where they live can have officially no information of their presence; but ministers who are supplying churches should be reported and counted by the State in which they are serving and should not be reckoned by some other State to which they once belonged. And brethren who have left us and joined another denomination are sometimes continued on our lists and reported as Congregational ministers, an impropriety which is at once obvious, while others, who are still Presbyterians, are returned as also Congregational, which ought not so to be.

The reports of benevolent giving are incomplete and often misleading. Treasurers of the churches that assume they are to include only what passes through their hands, when it may be that half which is given by members of the church and the Sunday school, or other organizations, goes direct to the recipient, and fails to be included in the Annual record. This does a serious injustice to the reporting church, and makes our total so much short of the truth. The General Association of Massachusetts, at its recent session, took action on this subject, which we commend to the attention of other State bodies and of all reporters, as follows:—

*Whereas*, in all our churches there are numerous organizations which solicit and

disburse moneys for charitable purposes through their own treasurers without regard to the regularly-appointed channel of the church ; and

*Whereas*, such practices tend to separation and a weakening of the bond between the churches and their several organizations, a bond which needs rather to be strengthened ; and

*Whereas*, it further tends to a lack of uniformity in the reports of the benevolent work of the churches made to the State officers, and to make the published figures unreliable and often misleading, therefore be it

*Resolved*, that it is the opinion of the Association that it is advisable that all the money contributed for charitable objects, and especially for our National Congregational Societies, by the members and the various organizations of each local church (including the Sunday school, the Christian Endeavor Societies, and the various Women's and other Missionary Societies), should go to its designated object through the treasurer of the church and be entered on his books.

It will require care and trouble, on the part of the reporter, to glean the various items from the Missionary Herald and other magazines, and to arrange the amounts from the Sunday school and other contributing organizations, and add them up under their appropriate heads ; but whatever is worth doing at all is worth doing well.

Cases still frequently occur, in which ministers forget that, if their names are to appear in the YEAR-BOOK list, they must be reported to the editor by proper authority, within the year when that YEAR-BOOK appears. This report every year is indispensable to an accurate and trustworthy list. If one man's name is to be carried over into this year's list, for no better reason than that it was in last year's list, the next man may claim the same favor, and the evil of inaccuracy and injustice may be multiplied indefinitely. Our method is simple, and conformity to it should not tax good men seriously. Every name should reach the editor from one of the State Secretaries, and his authority will in most cases be the local association or conference, which keeps the record and reports to him all names for whose standing that body accepts the responsibility. If any church employs and reports the name of a minister for whose good standing the local body is *not* responsible, his name is to be reported with a star, which indicates that fact.

The special quinquennial statistics, ordered by the Council and first published in 1890, will be due and called for next year. Their great value has been widely recognized, and special effort should be made by all concerned in gathering them to secure fulness and accuracy.

Will the local treasurers, and the ministers generally, note the following:

The unpaid dues of the States amount to \$2,644.85. Cash on hand \$1,216.06. The Security Fund of \$3,000 has been nearly exhausted in payment of current expenses. The bills for this book are now due. Only twenty-five States have paid in full to July 1, 1893. Twenty-four States are in arrears. A loan will be necessary, unless these arrearages are paid, and the dues of 1894, payable July 1, are promptly forwarded. Is our National Council a luxury too costly for the Congregationalists of the United States? One and one-half cents per capita annually, cannot be a serious drain upon any church of our denomination. If, however, the dues remain unpaid for a series of years, the load becomes discouraging.

Why not adopt business methods in this matter? Why not sweep off these old bills by paying them? Why not send in the dues of 1894 by the first of July, — the date of payment agreed upon by the Council?

Thanks are due to those treasurers who have paid promptly, or in advance, as some have; and to those also who have tried faithfully to make collections, but have failed on account of the hard times.

SAMUEL B. FORBES,

HARTFORD, CONN., June 8, 1894.

Treasurer.

#### FIRST CONGREGATIONAL CHURCH, NASHUA, N. H.

This church is two hundred and nine years old. Its new edifice which has just been dedicated is the seventh in its history. It is built of New Hampshire gray granite. Its tower, which is one hundred and eighteen feet high, instead of being on the corner, is between the auditorium and the chapel, and faces the main street of the city. The west side of the church faces the public park in which is located the Soldier's Monument. The solid blocks of granite which have gone into its walls, together with the fine carving and ornamentation, suggest at once the words, "Strength and beauty are in His sanctuary."

The interior is no less beautiful than the exterior is imposing. The architecture is of the Romanesque order, and the four great arches and circular dome of the main auditorium immediately command admiration, and a mellow light, transmitted by the finest opalescent stained glass, gives to the fine oak finish an added beauty and lends the room a deeper tone of sanctity.

The pulpit is in the northeast corner of the auditorium. Behind it is the pastor's room, and at the right of it is the organ, which extends two thirds across the north side. Beyond the organ is a choir room.

At the southwest corner, opposite the pulpit, is a beautiful waiting-room. The

pews are arranged in circular form, in a quadrant, every one directly facing the pulpit. The gallery extends from the southeast to the southwest corners with pew also in circular form. It is entered by stairs in the rear and at either end, connecting directly with the auditorium.

The chapel occupies the east wing of the edifice, and is divided from the auditorium by sliding glass doors which, when opened, will make an audience room with a seating capacity of 1,300, the church proper accommodating 900. When the two rooms are thrown together, a slight change in the position of the pulpit will render the pews of the chapel in every respect as good as those in the auditorium.

The chapel is also surrounded by a balcony, about which are arranged a series of class rooms, while opening directly from the chapel are the ladies' parlor, at the northeast corner, and the young people's reception on the south, which possess every possible appointment for comfort and convenience. Toilet and cloak rooms adjoining the ladies' headquarters, while several of the rooms are given a home-like appearance by large fire places.

All the above-mentioned rooms in the chapel can be thrown together for social purposes.

In the basement, which is reached by two stairways from the chapel, is the dining-room, in which about three hundred persons can be comfortably seated at supper. It is free from pillars for support and presents an unusually cozy appearance. The serving room and kitchen are situated on the north side, and have model arrangements for the convenience of waiters and others who are in charge of social gatherings.

The decorations, like the architecture, are Romanesque. The walls are tinted in terra cotta, the dome in old gold, and the delicate and intricate mosaic effects render the ornamentation beautiful in the extreme. The church is lighted with electricity, a circle of incandescents at the base of the dome and also around the rose window in the centre of the dome. A chime of bells costing \$5,000 is in the tower.

The heating system is that of forced air by means of an engine which runs a fan, insuring most excellent ventilation. The acoustic properties are entirely satisfactory. The architect is Mr. A. P. Cutting, of Worcester, Mass. The contractors are the Webb Granite and Construction Co., Worcester, Mass.

The whole cost of the building, together with the spacious lot on which it stands, is \$123,000. It was dedicated free of debt, except the organ.

## THE NATIONAL COUNCIL OF 1895.

---

The following circular letter to State and local bodies was issued in February:—

I am instructed by the Provisional Committee to call the attention of State and local Associations and Conferences of churches to the fact that the session of the National Council in 1895 will probably be held in San Francisco, and that the date may be as early as June. It may therefore be important that delegates be elected at the sessions of these bodies to be held in 1894, as time will be needed for the correspondence necessary to secure full delegations by the substitution of alternates and to give delegates from the East opportunity to make arrangements for so long a trip. Our friends on the Pacific are anxious to welcome full delegations

from the Eastern churches, and it is very desirable that this session of the Council be a strong and representative body.

Blank credentials will be seasonably furnished, as usual, through the State Secretaries.

Each State body is entitled to one delegate, and to an additional delegate for each ten thousand church members or a major fraction of that number. Each local body is entitled to one delegate for each ten churches or a major fraction: "It being recommended that the number of delegates be, in all cases, divided between ministers and laymen as nearly equally as is practicable."

HENRY A. HAZEN,

*Secretary.*

Correspondence is in progress in regard to rates for delegates to the Pacific; but results are not yet reached and cannot be announced. The committee will do its best to secure an early decision, and will not forget that if such a decision is not seasonably reached it will be necessary to abandon the purpose to go to California, and secure some eastern location for the Council. They still confidently anticipate a result favorable to the San Francisco meeting in 1895.

NOTE. — The limitations of the tables do not in all cases admit exactness. In the table of theological education, students who did not graduate are counted, and without distinction from graduates; but a name occurring in more than one seminary list is not repeated; and in the college lists, a few students who were not alumni are counted with the graduates.

The editor renews his earnest request to friends and to the secretaries of the State bodies for prompt information of the death of Congregational ministers, and for full and exact information on the model of the sketches above given. Obituary and eulogy beyond, it is impossible to use here.

REV. A. N. HITCHCOCK, PH. D., 151 Washington Street, Chicago, Ill.

The American Board, the oldest Foreign Missionary Society in the United States, was formed at Bradford, Mass., June 29, 1810, and held its first meeting at Farmington, Conn., Sept. 5 of the same year. Its mission fields now occupied are Mexico; the Hawaiian and Micronesian Islands of the Pacific; Japan; Northern China; Shansi in Northwestern China; Foochow and Canton and vicinity in Southern China; Ceylon; Madura in Southern India; the Marathi field in Western India, including the important centres of Bombay and Ahmednagar; East Central Africa; the Zulus of Southern Africa; West Central Africa; Eastern Turkey, from Mardin to Erzoom, including Bitlis, Van, and the educational centre, Harpoot; Central Turkey, including the important cities of Aintab, Adana, and Marash; Western Turkey, from Trebizond to Constantinople, including Marsovan, Sivas, Cesarea, Smyrna, Brousa, Nicomedia, and Adabazar; European Turkey, from Constantinople to Samokov in Bulgaria, including Monastir in Macedonia and Philippolis in Bulgaria; Austria, emphasizing the Bohemian work in Prague; and Northern and Northwestern Spain, this work centring in San Sebastian, on the Bay of Biscay.

This wide-extended work embraces direct evangelistic effort through missionaries and native helpers; an immense educational trust, extending from the primary school to the college and theological seminary; Sunday-school instruction; the preparation, publication, and circulation, in different languages, of books, tracts, and newspapers; assistance in the erection of buildings for churches and schools; grants in aid to feeble churches and to native home-missionary societies; the humane service of missionary physicians, sometimes in the care of large dispensaries and hospitals; also charitable ministry, continuous and varied, to the sick, the poor, and the oppressed.

Pastors, in presenting the foreign work to their churches, are desired to emphasize this fact — that these several departments of labor on the foreign field are carried on under one administration, and that contributions, therefore, should be proportionately enlarged. If one half of the benevolent contributions of the churches should be given to this broad work of reaching the unevangelized millions of other lands, it would probably not be too large a proportion.

The Woman's Boards, which co-operate with the American Board, are doing a royal service, not only securing — mainly from the women of the churches — large contributions, but also educating and training children and young people to an intelligent interest in missionary work. These Boards can be addressed at No. 1 Congregational House, Boston, at 59 Dearborn Street, Chicago, and at 1316 Mason Street, San Francisco.

The latest statistics of the American Board report 20 missions, 1,225 stations and out-stations, 557 missionaries and assistant missionaries, 2,741 native laborers, 444 churches, with over 41,522 members — over 3,461 of these received on confession of faith during the past year, — 145 high schools and seminaries for young men and young women, with nearly 6,956 students and a total of over 50,533 children and youth under Christian instruction. The appropriations for 1894 already amount to \$650,000, and the amount urgently called for by the missions for missionaries, churches, and schools, not provided for by the appropriations already made, is \$131,000 more. Attention is called to the *Missionary Herald*, the *Mission Day-spring*, and *Life and Light*; also to the *American Board Almanac*, and to the *CHILDREN'S MORNING STAR MISSION*, a special for Sunday schools. Our main instrumental reliance is upon the pastors of churches, themselves full of missionary information and zeal.

## DEPARTMENT OF STUDENT-AID.

Its distinctive object is to assist in the education of approved young men for the Gospel ministry. During the past year, the Society has given help to 392 students in the regular course of study. Of this number 87 have come on its list for the first time. These students have been pursuing studies in twenty-two different Colleges and nine different Theological Seminaries. The supply of educated ministers for our denomination is derived more and more from the class of young men who are without money.

In addition to the students pursuing the regular courses in Colleges and Seminaries, the Society assists a limited number of Foreign students in Chicago Theological Seminary, of Slavic students in Oberlin Theological Seminary, and German students in Crete Seminary; about 60 altogether, representing 9 different nationalities.

## COLLEGE DEPARTMENT.

The Colleges which have received aid from the Society during the last year are Pacific University, Yankton, Doane, Whitman, Fargo, Rollins, Pomona, Lake Charles, and Ridgeville — Doane College having advanced so far towards the condition of self-support as to be able to withdraw from the list in August last. Reports from the above named institutions show that gratifying progress has been made by all, during the past year. They have had an aggregate attendance of about twelve hundred students.

The courses of instruction are based upon Eastern standards, and the instructors are largely graduates from Eastern institutions. A leading purpose is to bring the students under the influence of true Christian example and into the experience of true Christian life.

## ACADEMY DEPARTMENT.

Fourteen Academies are either admitted to the Society's list, or are *provisionally* endorsed by it. Most of them were established some years before their application for the help of the Society. By their coming into connection with it, a larger interest has been kindled in behalf of this grade of schools in the States to which they respectively belong; and the belief is widely entertained that the Western Academy

is sure to prove itself the natural and effective helper of the Western College. But in many instances the struggle is a hard one, and the cause appeals justly to the public for recognition and encouragement. It is the policy of the Society to admit upon its list only such as are evidently and imperatively needed.

## SCHOOLS IN UTAH AND THE SOUTH-WEST.

By a recent act of the Society its charter was enlarged with a view to including the important work of the New West Education Commission. The latter work was assumed by this Society the first of September last; and it is believed that the union of these two branches of work will be for the truest advancement of the one great cause of Christian education which, under different departments, each Society formerly aimed to serve through its own separate organization. The additional schools thus taken in charge include five Academies, one Training School, and twelve Mission Schools.

No denomination has made any perceptible progress in founding churches save through schools. Some of these schools in Utah have already resulted in churches. Others are likely to soon. All should be continued as long as there is good prospect of their developing into churches. Mormonism though somewhat reduced in municipal power, is still active and persistent as a religious force. The true welfare both of Utah and New Mexico is inseparably connected with the continuance and prosperity of Christian schools and churches within their borders.

For full statement of receipts and disbursements for the year, see Annual Report of New West Education Commission, 1893.

The gifts of those who were loyal and generous supporters of the New West Education Commission are imperatively needed and earnestly solicited for the future maintenance of the schools among the Mormons and Mexicans.

Amount of money per year requisite to the efficient prosecution of the work of the Society in *all its branches*, not less than \$150,000.

## FORM OF BEQUEST.

## OBJECTS.

To preserve, improve, and promote the best use of the Congregational Library; to care for the Congregational House, remove the incumbrances upon it, and erect, as soon as feasible, a new Congregational House in its place; to further the general interests of Congregationalism.

## THE PAST YEAR.

The debt has been reduced \$12,000, bringing it down from \$165,000 to \$153,000, which represents the present amount of mortgage on the Congregational House. A bequest of \$15,000 has been received from the estate of J. H. Stickney, Esq., of Baltimore. Of the \$10,000 bequeathed by Rev. Dr. Langworthy, about \$8,000 has been received. The income only is to be used, and applied to the increase of the Library. The interest on the mortgage has been increased from four per cent to four and a half; hence the importance and timeliness of donations and legacies to clear off this incumbrance upon the Congregational headquarters, and prepare the way for erecting, on a sound financial basis, a building more worthy of our needs and our aims.

## THE LIBRARY.

This collection is growing more extensive and valuable each year. It would be easy to increase the rate of accessions but quality is preferred to quantity. During the last year many rare books and tracts pertaining to early Congregationalism and related topics have been added. The total number of volumes is 32,758, of which 963 were added last year. This is exclusive of 635 pamphlets added, making a total of 58,083. A great desideratum is money for binding both pamphlets and periodicals. Of these last we have enough to make several thousands of volumes. Much valuable historical material is hidden away in these pamphlets and periodicals, which ought to be made more accessible.

As usual, many friends have remembered the Library with gifts during the year. We very much desire here,

1. *Portraits.* There is room for many more of these counterfeit presentments of the eminent clergymen and laymen whose lives illustrate our Congregational history.

2. *Biography.* Still more useful than the faces of great men is the record of their lives. We have already nearly 1,500 volumes in this department, but history is ever making, and we desire many more.

3. *Church Manuals and Statistics.* As time goes on, these become more and more important.

*Distribution of Aid.* — Of the 187 grants and loans voted to churches in 1893, 72 of the parsonage loans and 89 of the loans and grants on houses of worship were west of the eastern boundary of Ohio; 8 parsonages and 18 houses of worship were east of Ohio.

*Forty Years' Work.* — Including the distribution of the Albany Fund (1853) and the Forefathers Fund (1856), aid has been given in the erection of 2,445 houses of worship and 429 parsonages.

*The Revolving Feature.* — Under the well-known plan by which the aided churches send to the treasury of the Society annual contributions on account of grants, and pay yearly or quarterly instalments on church and parsonage loan, \$435,383.14 have come back to the treasury to be used, as some of it has been already, over and over again. Both loan funds have been nearly doubled by this arrangement.

*Legacies.* — These cannot be too carefully written. The most essential thing is the exact corporate name. If meant for this Society it should be written thus: "I give and bequeath to the Congregational Church Building Society, a corporation duly organized and existing by and under the laws of the State of New York," etc.

*Current Calls.* — Of these, 51 were in hand Jan. 1, 1894, as a left-over legacy from 1893. Some of them had been waiting six months then. They continue to come. They can be answered only as cash comes to cover them. Meantime sore distress has come on several churches whose contracts for building were let before the financial depression began. They cannot retreat. They are powerless to advance. There never was a time when prompt relief would accomplish more. Liens and forced sales ought not to be possible. On the contrary, they are sure to crush out the life of several struggling churches, unless the Society can render prompt and liberal aid. Churches, Sunday schools, Endeavor Societies, W. H. M. U.'s, and individual givers have the best possible opportunity to relieve sorely burdened pastors and building committees.

The HOME MISSIONARY, a monthly magazine, published by the Society, at sixty cents a year, including postage, gives a running account of the progress of the work in all parts of the country, largely from the pens of the superintendents and missionaries personally engaged in it. The monthly issue is over 30,000 copies. An ANNUAL REPORT sums up the results of the year. Leaflets and Tracts for the times are published as occasion calls, designed to help pastors, Sunday-school officers, and friends of home missions generally, in awakening and keeping alive an intelligent, practical, growing interest in the work. These may be had, free of charge, at any time, by addressing the officers of the Society at the Bible House.

For more than sixty-eight years the Society has been organizing churches in the West and South, and aiding in the support of their ministers till those churches are able to assume the whole expense. Its missionaries have from the first organized Sunday schools, provided proper teachers for them, and by watchful oversight have secured their permanence and highest usefulness.

In connection with the labor of its missionaries, 6,240 churches (*a*) have been organized and 3,014 have come to self-support. It has collected and disbursed in cash, \$16,089,336.64; and in clothing, books, and other supplies, largely the offerings of Christian women, \$2,060,318; in all, \$18,149,654. The additions to the churches have been 433,633.

In 1883, a Woman's Department was opened. Its object is to interest the women of our churches all over the country, and through them the children, more directly in the work; not to the diminishing of their helpful labor in the way of home missionary boxes (of clothing, etc.), but to secure also their gifts of money for the support of teachers in the Indian Territory and elsewhere, and for various special uses, as called for from time to time. Their aid in this line is steadily growing, but much more is needed. The Woman's Home Missionary Association, having its office in Boston, an auxiliary of this Society, is the channel of the Home Missionary offerings of the women of Massachusetts and Rhode Island.

The number of missionaries employed in its sixty-eighth year (1893-94) was 2,010, 1,467 of them in States and Territories west and south of New York. They preached regularly in 3,930 stations, and at frequent intervals in many hundreds more. The number of Sunday-school and Bible-class scholars was 164,050. The additions to the churches were 12,784; 8,508 of them on confession of Christ. Churches organized, 119; reached self-support, 36.

The sixty-eighth year's receipts were, in cash, \$621,608.56; in supplies, \$39,381.11; in all, \$660,989.67.

At least \$750,000 *in cash* is needed this year properly to sustain the missionaries *now in the field*. To take up only such new work as the providence and Spirit of God manifestly call upon the Society to assume *at once*, \$100,000 more is imperatively required. The Society is doing much more work than ever before among the foreign-born in all parts of the country. At nearly every meeting of the Executive Committee chosen men are sent to new fields at the front, where they are most needed, but where their support involves heavy outlay by the Society. For securing the means essential to the carrying on of this great work the Society depends, under God, on the zealous co-operation of the pastors and members of the Congregational churches of the land.

## ITS FIELD.

This extends from the Atlantic to the Pacific, and from Florida to Alaska. It includes, in the South, the Negroes and the Whites, especially those in the mountains; in the West the Indians; on the Pacific Coast the Chinese, and in Alaska the Eskimos. Through its pupils it is reaching into Africa, China, the West Indian Islands, and Mexico.

## ITS WORK.

It originated in a sympathy with the almost friendless slave. Since emancipation its main efforts have been devoted to the South, in the endeavor to prepare the freedmen for their duties as citizens and Christians. In its work it recognizes no distinction of race or color.

The Association has a Bureau of Woman's Work, to assist in collecting funds for the elevation of women in its various fields. It specially invites the cooperation of the Christian women of the churches in this form of work.

Correspondence may be addressed to the Secretary, Rev. N. H. WHITTLESLEY, 135 Wall Street, New Haven, Conn.

Money should be sent to the Treasurer of the Trustees of the National Council, Rev. S. B. FORBES, 206 Wethersfield Avenue, Hartford, Conn.

The National Council's Ministerial Relief Fund was started by a bequest of \$10,000. Through the earnest efforts of the Committee and the generous response of a few churches and individuals, it has grown to over \$35,000. It asks one splendid collection from every church, one self-denying offering from every Congregationalist in our land. It seeks fifty individual subscriptions of \$500 each before the Council of 1895. The Trustees of the National Council are the legal corporation to hold and invest the money. The interest is paid out annually in little pensions of \$50 to \$200 to our aged and disabled ministers, especially home and foreign missionaries who have labored where State funds are absent or inadequate, and to their families. Fuller information may be found in the Minutes of the Councils of 1886 and 1892. The Secretary will furnish leaflets and hymn and subscription cards free, and will gladly respond to invitations to address associations, Congregational clubs, and especially churches.

## FORM OF A BEQUEST.

*I bequeath to the " Trustees of the National Council of the Congregational Churches of the United States " (a body corporate chartered under the laws of the State of Connecticut) [here insert the bequest], to be used for the purpose of Ministerial Relief, as provided in the resolution of the National Council of the Congregational Churches of the United States at its session held in Chicago in October, 1886.*

CALENDAR.—The annual period of study is divided into three Sessions by two recesses. The next seminary year begins on Wednesday, Sept. 19, 1894, and ends June 13, 1895. Recesses, Dec. 20-Jan. 3; March 21-25; vacation, June 13-Sept. 18.

COURSE OF STUDY.—This is arranged so as to secure continuity and progress. The Junior Year is devoted to Hebrew, N. T. Greek, Biblical Exegesis and History, Fundamental Theology; the Middle, chiefly to Biblical and Systematic Theology; the Senior, mainly to Sacred Rhetoric, Pastoral Theology, History of Christian Life and Doctrine. Instruction in Elocution (lectures and exercises in vocal culture) is continued through the course. In each year time is reserved for elective work. The elective courses for 1894-5 are: Introduction to the O. T., also to Hebrew Literature outside the Canon, and to Jewish Literature, the Life of Christ, History of the English Bible, Exegesis, History of Religions, Philosophical and Christian Ethics, Sociology. Optionals in Arabic, Aramaic, Egyptology or Assyriology, Greek, German, Vocal Music.

FOURTH YEAR for advanced study. Each member of the Advanced Class chooses his studies, subject to approval by the Faculty, and receives from the professors in the departments chosen personal direction and assistance. Special facilities are afforded for private reading and research.

LIBRARY AND MUSEUM.—The Library now numbers about 50,000 volumes, is constantly increased, and is open every week-day for the examination and drawing of books. A full reference library has been opened on the ground floor of Brechin Hall. The Museum comprises objects relating to Missionary life and work, a monumental slab from Nimrônd, a relief model of Jerusalem, and a collection, recently greatly increased, of Palestinian flowers, birds, animals, reptiles, insects, domestic utensils, weapons, coins, rolls, inscriptions, etc., constituting a remarkably large and rich biblical museum in which may be seen a multitude of objects referred to in the Bible.

A well-furnished Gymnasium is open to the use of the students.

LOCATION.—The Seminary was located with a view to the advantages of uninterrupted study. These advantages have been retained, and are accounted of increasing value. At the same time, through the rise and growth of cities in the immediate vicinity, the students of the Seminary have special opportunities for studying various conditions of church work, and different methods of preaching. Andover is within four miles of Lawrence, ten of Lowell and Haverhill, fifteen of Salem, and twenty of Cambridge and Boston. The situation is remarkably healthful.

For information respecting conditions of Membership, Studies (Prescribed, Elective, Optional), Lectureships, Honorary Scholarships, Pastoral Scholarships for Evangelistic work (Juniors), the Winkley and Seminary Fellowships (\$600 each), Expenses and Pecuniary Aid, see Catalogue, which may be obtained by application to the President of the Faculty.

Rev. CHARLES J. H. ROPES, Hayes Professor of New Testament Language and Literature.

Rev. GEORGE W. GILMORE, A. M., Instructor in the English Biblical Course.

Rev. WILLIAM E. GRIFFIS, D. D., Bond Lecturer for 1894.

TERMS OF ADMISSION. — Bangor Seminary is open to all denominations of Christians. Candidates for admission must produce testimony of their church membership and of their collegiate education. If they have not pursued a college course, they will be examined, and must exhibit mental training and attainments sufficient, in the judgment of the Faculty, to warrant their entering upon a course of theological study.

COURSE OF STUDY. — *Junior Year:* History of the Religion of Israel, Rhetoric, Psychology, Ethics, History of Greek Philosophy, Vocal Culture, English Literature.

*Classical Course:* Hebrew Grammar and the Language, Exegesis of the Greek Testament, New Testament Greek.

*English Course:* English Composition, Biblical Interpretation, Introduction and History.

SPECIAL INSTRUCTION IN NEW TESTAMENT GREEK. — The demands of the churches for pastors have been greater than could be supplied with men of collegiate education. The Seminary has therefore admitted students who are well qualified in other respects, but have no classical training. They are usually persons who, by reason of age or other circumstances, cannot wisely be counselled to delay longer their theological studies. With reference to this class, special preparation in New Testament Greek has been provided.

ENGLISH BIBLICAL COURSE. — This course has recently been established as an elective, for those who prefer a theological education on the basis of the English language. Its instruction is intended to be as scientific and scholarly as that of the other departments. Special attention is given to the English Bible. This course is in part distinct from the Classical Course during Junior year, but in Middle and Senior years the two divisions of the class are essentially united.

PREACHING. — As it is believed to be conducive to the best professional training to combine practice with theory, and as special facilities are afforded in the comparatively destitute missionary fields in the immediate neighborhood of the Seminary, students are allowed to exercise their gifts in holding meetings and in preaching as opportunities may offer, under the express approbation of the Faculty, it being provided that the prescribed exercises of the Seminary are not neglected. This privilege is enlarged after licensure at the close of the Middle Year.

POST-GRADUATE SCHOLARSHIPS. — Three scholarships have been recently established for graduates of this Seminary. Two are in Bowdoin College, and are for the purpose of aiding students who, after graduating from the Seminary, desire to take a post-graduate year in the College. The third is for the benefit of any student who wishes to take a fourth year of study in the Seminary.

EXPENSES. — There is no charge for tuition, rooms, furniture, library, or any privilege of the Seminary. The dormitory has been thoroughly repaired and refitted. The rooms are carpeted and furnished. The income of the Washburn fund and some other funds, given expressly to aid members of the Seminary, will be distributed to those who need.

LIBRARY. — The Seminary has an excellent library, numbering eighteen thousand volumes, specially selected to meet the wants of the students. There is a permanent library fund, with the income of which constant additions are made of the latest and most valuable literature.

Anniversary occurs on Wednesday, June 6, 1894.

The next seminary year will open on Thursday, Sept. 20, 1894.

## FACULTY.

GEORGE MOGAR, D. D., Coleman Professor of Apologetics and the Relations of Christianity and Science; also, Acting Professor of the History of the Church.

WALLACE WILLIAMS LOVEJOY, M. D., D. D., Professor of Old Testament Languages and Literature.

FRANK HUGH FOSTER, PH. D., Professor of Biblical and Systematic Theology. Lecturer on History of Doctrine.

CHARLES S. NASH, A. M., Mary A. Crocker Professor of Homiletics and Pastoral Theology.

RHYS REES LLOYD, A. M., B. D., Acting Professor on the Frederick Billings Foundation for New Testament Greek and Exegesis.

TWO COURSES OF STUDY are provided, a Classical and an English. The Classical Course is as follows:—

*First Year.*—Theological Encyclopædia, Elements of Hebrew, the Gospels in Greek, Apologetics, Homiletics, Church History, Physical and Vocal Culture, and Elocution.

*Second Year.*—Hebrew (Messianic Prophecy), the Epistles in Greek, Church History, Systematic Theology, Homiletics, and Elocution.

*Third Year.*—Hebrew Exegesis, the Epistles in Greek, Church History, History of Doctrine, Homiletics, Pastoral Theology, Liturgics, Elocution, and the Delivery of Sermons.

The English Course follows the Classical, substituting, however, English for Hebrew and Greek Bible study.

TERMS OF ADMISSION.—The Seminary is open to students of every Christian denomination. Applicants should present certificates of membership in some church, and evidences of such literary and scientific attainments, and of such character, as make it probable that they can worthily pursue the studies. The normal preparation for the Classical Course is a full collegiate education. Those who have not college diplomas should furnish testimony that they have attained equivalent culture and discipline. This would involve knowledge at the least of the Greek language, of Psychology, English Literature and Composition, History and some branch of the Physical Sciences. Such applicants as have not received the normal preparation are received on probation.

The normal preparation for the English course is graduation from some literary or scientific institution of collegiate rank. But similar equivalents will be favorably considered, especially in the case of persons of mature years, who have acquired in practical life knowledge of men, and have shown aptness for Christian teaching and service.

The special courses are intended for those who wish to supplement previous studies, or to pursue particular topics of investigation, or who would fit themselves for Sunday School, Young Men's and Young Women's Christian Association, or missionary service, at home or abroad.

All the courses of study are open to women as well as to men.

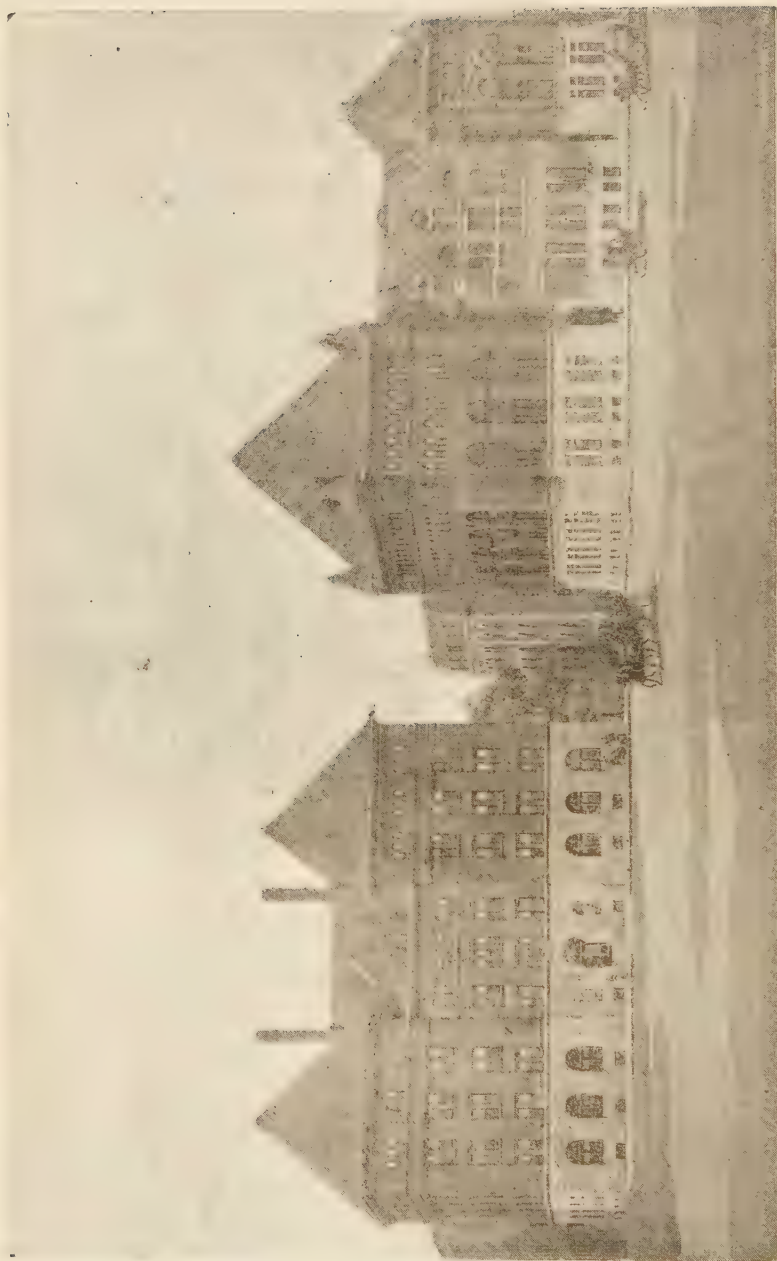

EXPENSES AND PECUNIARY AID.—No charge is made for tuition, rent of rooms, or use of furniture or of library. The student furnishes his own fuel and light. For incidental expenses every student is expected to pay \$5 each semester in advance, and those occupying rooms in the building twenty-five cents each per week for care of rooms. Board may be had at from \$3.50 to \$4 a week.

Help is granted from scholarships and from the American Education Society, as may be necessary, up to the ordinary limit of \$175. It is expected that systematic arrangements will be more fully made, in connection with the Church Extension Society of San Francisco and vicinity, by which students may be employed in church and city missionary work, and so receive a part or the whole of the Seminary pecuniary aid as a compensation for present service, as well as in preparation for the future.

FACILITIES.—A carefully selected and constantly increasing library (now numbering about six thousand volumes) is accessible to all students. No happier situation is known than that occupied by this Seminary. The climate is unequalled for stimulating qualities, for mildness, and for general fineness. It is favorable to study every month in the year. The location of the institution in the midst of the great metropolitan complex of San Francisco and its surrounding cities, its proximity to the University of California, its high standards, its organic association with the aggressive work of the Congregational churches of the vicinity and of the State, its affiliation with the Congregational ecclesiastical organizations of all the Pacific States, its missionary history, and the emphasis it lays upon the spiritual and practical, constitute its especial claims upon the attention of candidates for the ministry.

ADMISSION.—The Seminary is open to students of all denominations. Candidates for admission to the Degree Course must have received a collegiate education, or an equivalent preparation. Students from other seminaries may be admitted by certificate.

TERMS AND VACATIONS.—The academic year begins the second Wednesday in September and closes the third Wednesday in April. There is a recess of two weeks at Christmas.

SITUATION.—The Seminary Buildings front Union Park. The location is quiet, but the centre of the city may be reached in ten minutes.

COURSE OF STUDY.—The Course of Study covers three years; the lectures are prescribed and elective. Each student is required to take fourteen lecture hours a week, ten prescribed and four elective. The Diploma Course differs from the Degree Course only in putting study of the English Bible in place of that of the Hebrew and Greek Scriptures.

THE GERMAN AND THE SCANDINAVIAN DEPARTMENTS.—Students in these departments take the Degree or Diploma Course in the English language, according to their grade of preparation, that they may be able to preach also in English. They are, however, excused from some English studies, principally of a homiletical or practical kind, in place of which they attend such exercises in their own native languages as are best adapted to prepare them to minister to our German or Scandinavian fellow-citizens.

EXAMINATIONS.—In each year there are two public examinations, oral and written, of all the classes.

The Alumni Institute is held in the anniversary week in April.

HAMMOND LIBRARY.—This contains the GENERAL and the REFERENCE LIBRARY with over 14,000 volumes, and the READING-ROOM. Both of the latter are furnished with the best helps for students, and are open daily. The students have easy access, also, to the public libraries of Chicago, some of which are among the best endowed and equipped in the country.

EXPENSES.—No charges are made for instruction, or for the use of Hammond Library. Furnished rooms are assigned to new students, by the treasurer, in the order of application. The following charges are made for the occupancy of rooms in the Seminary buildings: \$1.00 a week for rooms occupied by two students; \$1.25 for rooms alone. Good board can be had in private families in the neighborhood of the Seminary for \$2.50 or \$3.00 a week.

FINANCIAL AID.—From the American Education Society, to men in the Degree Course, \$75 a year. Additional aid will be furnished to students needing it, and fitted for such service, in return for service in city mission work. This supplemental aid is \$4.00 a week for twenty-five weeks to men in the Degree Course, and \$3.00 a week to men in the Diploma Course. The aid to students in the Foreign Departments of the first year is given only in the second term to those who pass the Christmas examination.

Subject: Economics for the Pulpit.

**COURSE OF STUDY.**—The plan of instruction aims (1) to establish sound methods of investigating the Scriptures, (2) to train the power of formulating Scriptural truth, and (3) to apply that truth in the study of history and experience, of philosophy, and of practical endeavor, — God's thought being recognized as the supreme object of all science, and His will the supreme guide of conduct.

INSTRUCTION is carried on partly through text-books, partly by lectures, and partly through original investigation by the student. Emphasis is laid upon a close personal relation between instructor and pupil. About two thirds of the course is prescribed, and one third is to be selected from a large list of electives, offered in all the departments. Special efforts are made to explain the interrelations of the numerous subjects properly belonging under the head of theological science, and to afford the opportunity of prosecuting study in any one of them. In each department the purpose is to use only the most scientific methods, both old and new. In the field of pastoral discipline extensive work is expected in preaching, in every variety of evangelistic and charitable organization, and in personal religious effort. Systematic instruction is given in singing and in elocution. Optional instruction is provided in reading German. Special and advanced courses are open to those who desire them. Two fellowships (each for two years) for foreign study and four prizes are offered.

THE APPARATUS includes a rapidly increasing library of over 60,000 volumes, containing several unique special collections, to which students have access day and evening, large reading-room, gymnasium, music-room, etc.

**TERMS OF ADMISSION.**—Candidates for admission must be members of some Christian Church and graduates of some college. Those who are not college graduates may, after examination, be admitted *on probation* during the first term.

All courses are open to *women* on the same terms as to men.

**EXPENSES.**—No charge is made for tuition, rooms, furniture and bedding, or use of the library and apparatus, except a nominal fee of \$20 for use of steam and supervision. Board is provided at the Seminary under the care of the Students' Association, at \$3.50 per week.

Scholarship aid is provided for those needing it to the amount of \$60 to \$100 per year, in addition to the grant of \$75 from the Education Society.

**CALENDAR.**—The sixty-first year begins on Oct. 3, 1894, and closes on June 6, 1895. The various courses are arranged in three terms. Examinations are held at the close of each subject or principal topic.

 Rev. JOHN F. BERRY, B. A., D. B., Instructor in Church History.  
 Prof. JAMES W. BLACK, PH. D., Associate Professor of Sociology in the College.

Oberlin Theological Seminary is open to students of all denominations. Students of the Seminary are permitted to attend classes in the College without charge. Upon those who complete the Classical Course, the Academic Degree of Bachelor of Divinity (D. B.) is conferred.

CLASSICAL COURSE. — This has been greatly enlarged and re-arranged on the elective system. Candidates for a degree are required to have completed work amounting to 1,280 hours of lectures and recitations. Of this work 680 hours are required, including courses in Greek New Testament, Natural and Revealed Theology, Church History, Homiletics, Harmony of Science and Revelation, and Modern Scepticism.

In addition, 1,622 hours of elective work are offered, of which the student must elect at least 600 hours. The elective courses include Hebrew and Old Testament Exegesis, Old Testament Introduction and Theology, Aramaic, Septuagint Greek, New Testament Exegesis, New Testament Introduction and Theology, Church History, History of Doctrine, Church Polity, Homiletics, and Pastoral Theology.

ENGLISH COURSE. — This is to prepare for the ministry mature men who give promise of usefulness but have not a classical education. It extends through three years and includes preparatory studies in Rhetoric and Philosophy, 416 hours Exegesis of the English Bible, Special Lectures, and the full course of Systematic and Practical Theology.

SLAVIC DEPARTMENT. — The object of this department is to train up pastors for the Slavic immigrants now in this country. Thorough instruction is given in the Bohemian language. The course of study varies to suit the circumstances of individuals, and culminates in the regular English or Classical Course of the Seminary.

SPEAR LIBRARY contains nearly thirty thousand volumes.

COUNCIL HALL, the building devoted exclusively to the Department of Theology, provides fully furnished rooms for fifty students. No expense is incurred for instruction, or for the use of the library. The price of board is from \$2.00 to \$2.50 per week, or from \$64 to \$96 for the thirty-two weeks of the theological year. Expenses for heating the rooms and for incidentals are \$30 annually, but the entire necessary expenses of the year — not including clothing, travelling expenses, and books — need not exceed \$100.

Help is granted to students in the Classical Course from scholarship funds contributed by friends of the Seminary and from the American Education Society. The amount ordinarily received from both these sources is \$150.

The opportunities for students to aid in meeting their expenses are sufficiently numerous. Some are employed as teachers in the Preparatory School connected with the College, and the amount received for teaching an hour each day exceeds the cost of board. Many vacant pulpits in the vicinity are supplied by theological students, and compensation is rendered. During the summer vacation of four months, all may supply vacant pulpits in home-missionary and other fields; and such opportunities are abundant.

The year of study consists of thirty-two weeks in two semesters. The next year begins Wednesday, Sept. 19, 1894. For further information apply to Prof. E. I. Bosworth.

RELATION TO THE UNIVERSITY.—The Divinity School is one of the Departments of Yale University. Its members receive from the Corporation, on completing their three-years course of study, the degree of B. D. They have access to the public collections of the University, such as the Library, the Peabody Museum, and the collection of paintings and statuary in the School of Fine Arts. They are permitted to attend free of expense, so far as will not conflict with their professional studies, the lectures and recitations in the College and the Sheffield Scientific School, and, if expecting to become foreign missionaries, those of the Medical Department.

COURSE OF STUDY.—The first year is devoted chiefly to Hebrew and the Exegesis of the Greek New Testament; the second year to Systematic Theology, Church History, Old Testament Biblical Theology, and Church Polity; the third year to Sacred Rhetoric, the History of Christian Doctrine, New Testament Biblical Theology, and Social Ethics. Additional lectures on Preaching and other important subjects are delivered before all the classes by eminent ministers and scholars from this country and Europe. There are also optional classes in German, Syriac, Chaldee, Arabic, and Assyrian. Once a week there is a Rhetorical Exercise for all the classes. Instruction in Vocal Culture and Elocution, and also in Sacred Music, if desired, is continued through the entire course.

GRADUATE OR FOURTH-YEAR CLASS.—Students of approved scholarship who have completed a three-years course of theological study, here or elsewhere, are admitted to the Graduate Class, in which advanced studies in Theology are pursued under the direction of the Professors. Five scholarships of \$200 each are offered to candidates for admission to this class.

THE LIBRARIES of the University, to which students have access, including the Reference Library of the Divinity School, contain more than 200,000 volumes.

THE GRADUATE FELLOWSHIP, for the encouragement of further theological study in this country or abroad, the income of which is \$600 for two years after graduation, is offered to the class entering in September, 1894.

EXPENSES.—There is no charge for instruction, use of libraries, or room rent. The rooms, which will accommodate one hundred and fifty students, are designed in general for only one occupant. Each room has a bedroom attached, and is carpeted and furnished with all needful furniture except bedclothing. The chief expenses of the session are for board, \$3.00 to \$4.00 a week; fuel and light, \$25 to \$30; and \$15 a year for care of room and incidental expenses.

SCHOLARSHIP FUNDS AND OTHER AIDS.—Students whose circumstances require it are aided to the amount of \$100 a year, from the income of scholarship funds. Besides this assistance, ten special scholarships of \$50 each are assigned to those members of the Junior Class who maintain the highest standing in studies of the year. Additional aid to the amount of \$75 is offered by the American Education Society to approved students who are members of Congregational churches.

COMMENCEMENT OF THE TERM.—The next term of study will begin on Thursday, Sept. 27, 1894, and continue until the third Wednesday in May (anniversary), when the vacation of four months, in which the students have the opportunity to engage in some form of remunerative labor, will commence.

APPLICATION FOR ADMISSION.—The Seminary is open on equal terms to students of all Christian denominations. Applications for admission, or for the annual Catalogue containing further information, may be made to Prof. GEORGE B. STEVENS, *New Haven, Conn.*, or to any other member of the Faculty.

\* A dash in the column of colleges implies that the student has never been connected with any college; the name of a college followed by a dash in place of year implies that the student was connected with that college, but did not complete the course. A list of the colleges and universities may be found at the end of this list.

† "Sen." means Senior. "Mid." Middle. "Jun." Junior. "Sp." means Special Course; and when followed by "Sen.," "Mid.," or "Jun.," means Special Course Senior and the like. "R. a These special students at Chicago are ranked, 23 with the Senior, 25 with the Middle, and 14 with the Junior classes ; 8 in the German, 13 in the Dano-Norwegian, and 41 in the Swedish departments.

b Of the 33 special students at Oberlin, 25 are in the English Course, and 8 in the Slavic Department.

NOTE.— If the Advanced or Graduate classes were included among the students as well as the undergraduates, the totals would be increased to 549. The number of students in the regular classes has increased from 408 to 418. The decrease of 25 in the total, is less than the falling off in special students at Chicago and Oberlin.

## COLLEGE EDUCATION OF THE UNDERGRADUATE STUDENTS.

In this table, a number in parentheses denotes that that number, although once connected with the college mentioned, did not complete the course. The figures not in parentheses denote graduates of the college mentioned.

## THE ANNUAL STATISTICS OF THE CHURCHES AND MINISTERS.

THE following pages contain the statistics as collected in 1894 by the statistical secretaries of the several State organizations, and compiled for this publication by the secretary of the National Council, under vote of the publishing committee. They are all of date 1 Jan., 1894, except that ministerial supply is, as far as possible, brought down to date.

The secretary, as heretofore, in no case presumes to insert or omit the name of church or minister on any authority but that of the State secretaries representing their own organizations, or of councils subsequent to the date of annual reports.

The contents of the statistics are as follows:—

1. The statistics of the churches and their ministers, by States.
2. List of Congregational ministers in foreign lands.
3. The National, State, and local organizations of the churches, with officers, and dates of next sessions in 1893-4.
4. General summary tables for the year.
5. Tables of summaries, 1858-1893.
6. Remarks upon the statistics.
7. Alphabetical list of ministers, with P. O. address, and indexed to pages.
8. Alphabetical list of licentiates.
9. List of ministers of other denominations supplying Congregational churches.

### RULES OF COMPILATION.

1. To arrange in alphabetical order everything capable of it; except that the churches in any one town or city arranged, as they should be, under the name of that town or city, are placed according to age.

2. To make each State list to conform strictly to the *State boundaries*. Churches or ministers reported by some association of a State other than their own are, therefore, transferred to their proper places; and the summaries are correspondingly corrected.

3. To make *new tables* each year. "Last year's report" (if known to be such) is always omitted. But, while old reports are not to be inserted in the table, the aggregate of such last reports from churches failing to report, in the items of church and Sunday-school membership, are included in the summaries. Justice to the churches which do report requires this, as their real progress may be apparently diminished or reversed, by lack of the figures from their less faithful neighbors. The special attention of State secretaries is called to this point, as it has often been disregarded. The list of churches of this year is compared, name by name, with that of last year, and all variations are specifically mentioned with the State summary, so that each church can be traced from year to year.

4. To examine carefully all the tables, with a view to *correction or addition* by correspondence, especially to correct "pastoral supply" to the latest moment. Proof sheets have been sent to secretaries and some home-missionary superintendents who could be reached in season. But no such changes have been allowed to affect the summaries.

5. The prime name in a table line is always supposed to be the name of the *place*, town, or city in which the church is located, as determined by the place of the meeting-house. This is also the name of its post-office, unless followed in line or margin by a name in **heavy-faced** type. In such cases the latter is the post-office, and **THIS EMPHATIC TYPE IN LINE OR MARGIN, IS USED EXCLUSIVELY FOR NAMES OF POST-OFFICES**. If this postal word is an adjective, it goes with the preceding name,

*e. g.*, "Newton West"; if itself a name, it supersedes the other, as "Newton, **Auburndale.**" Postal designations are not repeated on the second page, and special church names are sometimes given in the second page line, for which there was not room in the first. In general, the two pages, being invariably opposite, are treated as one, and marginal references on the second page are made to foot-notes on the first, without repetition when they occur there.

#### MINOR EXPLANATIONS.

1. Any church given in brackets is one organized since January 1st; not included in the summary, but inserted for information. A few churches temporarily not associated are inserted by their own wish.

2. Pastors installed or recognized by council are marked "*p. c.*"; pastors duly called by their churches and recognized by some "definite act of the church," but not by council, are marked *p.*; others in service are not marked, but in tabular summaries are counted as "supplies." Blanks in the column of pastoral supply, meaning *no* regularly engaged minister, are left blank for the convenience of those who note pastoral changes.

3. The tables are *not* a postal guide to the addresses of ministers, and any person so using them runs his own risk of error. The General Alphabetical List of Ministers gives their post-office.

4. The two columns following the names of ministers in the tables of churches denote (1) the year of ordination, (2) the year when the minister was installed, or commenced service with that church.

5. A star (\*) in the General Alphabetical List of Ministers denotes that the person designated is found in the original State alphabetical list, but is not reported to be a member of *any* association or conference of ministers or churches in the United States; or that he is found supplying some church, or did so last year and may be presumed to be *in transitu*, but is not in the State alphabetical list.

6. Licentiates are not reckoned as ministers. Churches supplied by such, or by ministers of other denominations, are reckoned as vacant; but the number of such churches is given in each State summary. No ministers of other denominations (if so known) are inserted in the General Alphabetical List. Some ministers belong to the two denominations at once.

7. The names of some Congregational ministers are missing; but it is solely because they are not reported by any organization of churches or ministers.

8. Under "Church Members," "Absent" are included in "Males," "Females," and "Total." Under the head of "Removed," "Died," "Letter," and "Discipline" are represented by the abbreviations.

9. Blanks in any column of figures are such as were so left in the State Minutes. They ought always to signify "no report" but some States do not follow the proper rule of inserting a cipher where "none" is meant, and the examiner must conjecture, in any given case, whether "none" or "no report" is intended. In our General Summaries, a blank invariably signifies "no report."

In this table, the "new" churches are occasionally such as were previously "dropped," or have not been previously reported. Under "Died" (Ministers), until 1873, no account was kept to distinguish between "acting pastors" and "without charge." The difference between "pastors" and "totals" includes these two classes. The fluctuations under "Benevolent Contributions" are greatly due to more or less full reports. See the annual number of churches reporting in table next above.

# LIST OF CONGREGATIONAL MINISTERS IN THE UNITED STATES.

## REPORTED BY THE SEVERAL STATE ORGANIZATIONS.

The following is a compilation of the alphabetical lists furnished by the State Associations and Conferences, corrected by correspondence with their secretaries to the latest possible date. The secretary of the Council in no case presumes to insert or omit a name upon his own responsibility. The State organizations (or later councils) are alone responsible; but the secretary has used his utmost endeavors to obtain a complete and correct list. If any names are omitted, it is because they are not reported by any organization in any State, or a conflict of reports leaves the editor in doubt of the facts.

The figures refer to pages where the name will be found in the tables, in the Vital Statistics, in the service of the Benevolent Societies, of the Theological Seminaries, in the list of foreign missionaries. In some cases the page is left as in tables, when the post-office is changed since the tables were put to press.

Names starred (\*) are of persons who, although mentioned (usually as supplying churches), are not reported as members of any organization of Congregational churches or ministers. A few names are also retained with a \* of those who were in active service last year, and may be presumed to be *in transitu*. Such names are not continued a second year, without specific report.

Some post-office addresses are antiquated, but the best possible has been done.

Licentiates are not included in this list, but a list of licentiates follows this, and a list of ministers of other denominations, including also names of those whose position is not reported.

Names of persons in last year's list, deceased since the issue of 1892, are retained, and are indexed to the pages of the "Vital Statistics" when found there.

Some errors will be found in first names, initials, and spelling. No pains have been spared to secure accuracy; but, effort failing, the compiler has not ventured to follow even his own convictions, against the unmistakable testimony of the reports.

Names differing only in a single letter and pronounced alike are treated as one name, but spelled according to report. Browne, Clarke, Curtiss, Griffith, etc., and names beginning with Mac, or Mc, are among this number. Names beginning with Mc, or St, are arranged as if the word was not abbreviated.

Names of ministers without pastoral charge, as they do not occur in the preceding tables, have no numeral page reference, and in place of it the year of ordination is given.

Names of persons employed in instruction in schools and colleges are indicated by *pr.*, president or principal, and *pf.*, professor.

## LIST OF LICENTIATES REPORTED.

THIS list contains the names of those apparently reported as under care, with references to the pages where any such are mentioned as supplying churches. It includes also some names starred (\*), which denotes that these persons, while reported as supplying churches, are not reported to be approbated by, or under the care of, any Congregational organization.

Further. 1. This list does not agree with the number given in State Minutes, because all ordained since the lists were reported are here dropped. 2. The post-office addresses are often delusive, the place being that of temporary service only. 3. Names followed by State only are of persons approved in the State mentioned, no residence being reported. 4. The list is incomplete, because some States make no full report of licentiates. 5. The contracted name of a State in brackets means that the name was reported by that State, although the person may reside elsewhere.

### The Witness to Immortality,

In Literature, Philosophy, and Life. By Rev. Dr. GEORGE A. GORDON, of the Old South Church, Boston. 12mo, \$1.50.

Dr. Gordon has written a volume which establishes him as one of the thinkers who have made permanent and important contributions to human understanding of this life and of the life to come. . . . It deals with one of the most grand and solemn themes in a masterly and truly helpful manner. — *The Congregationalist, Boston.*

It cites, intelligently, the opinions of philosophers and the voices of the poets, and constructs a forcible argument for continued existence after death. It is well written, and shows thorough mastery of the subject. — *New York Christian Intelligencer.*

Among recent writings on this subject, Dr. Gordon's book easily takes a leading place. . . . The author brings to his task a mind richly stored with learning and endowed with exceptional insight into the deeper meaning of great moral facts and truths. — *Rev. Dr. Mozom, in Boston Watchman.*

The book is a most interesting study of one of the deepest problems of existence. — *New York Observer.*

### The Son of a Prophet.

By GEORGE ANSON JACKSON. 16mo, \$1.25.

We do not hesitate to rank this story, in respect to both interest and power, with Ben-Hur and The Prince of India. It resembles them, especially the former, so much that the reader recalls them at once, and that must needs be a remarkable work which does not suffer by such a suggested comparison. But this one does not suffer. — *The Congregationalist, Boston.*

The purpose of the book is noble and its execution very good indeed. The story, considered simply as a story, is deeply interesting. — *Church Standard, Philadelphia.*

*"The richest and best collection of Hymns and*

*Tunes ever offered to the Churches."*

# **THE CHURCH HYMNARY.**

COMPILED BY

EDWIN A. BEDELL,

**Contains more tunes than any other collection**, and has already proved its unrivalled adaptability to the varying needs of large and small congregations, having been adopted for use in hundreds of Congregational, Presbyterian and Reformed Churches throughout the country. Competent musical critics are unanimous and enthusiastic in describing the many excellencies of the book, and the number of recent adoptions has been gratifying evidence to the publishers that it is without a peer in the realms of hymnology. A few extracts from testimonials are appended.

*Rev. Elijah Horr, D. D.*, Piedmont Congregational Church, Worcester, Mass.: "Piedmont Church, Worcester, Mass., adopted the 'Church Hymnary' after a most careful canvass by an unusually competent music committee of the claims and merits of the different hymn books recently prepared for congregational use. After a thorough and practical examination by individuals, and then by the committee as a whole, this action was taken and the judgment of the committee has been fully vindicated during the months in which the books have been in use."

*Rev. C. M. Lamson, D. D.*, Hartford, Conn.: "It seems to be the best book, the most practical and worshipful ever placed in my hands. We have used, with great delight, the 650 copies received from you. We use them in social meetings, Bible service and the worship of the Lord's Day. The book is rich in music, simple, earnest and religious."

*Rev. William S. Hubbell, D. D.*, North Presbyterian Church, Buffalo, N. Y.: "We have used the 'Church Hymnary' for nearly six months at the North Church, Buffalo, and find increasing satisfaction in its hymns and tunes. There are many choice hymns not to be found in other collections, and new surprises are constantly rewarding our search. Both in music and in poetry it pleases me better than any other book of its kind which I have tested. Our committee spent three months in examining all the latest hymn books, and were unanimous in choosing this one."

*Rev. W. H. Davis, D. D.*, First Congregational Church, Detroit, Mich.: "We keep discovering new beauties in melody and words, as we use it from week to week. We heartily commend it as the best we know."

*Rev. Walter M. Barrows, D. D.*, Second Congregational Church, Rockford, Ill.: "I do not know what the surprises of the future may be as to new hymn books, but I feel sure that the 'Church Hymnary' is the best that has yet appeared, and it is not likely that it will soon be surpassed."

*Rev. T. Hyatt Smith*, North Avenue Congregational Church, North Cambridge, Mass.: "The North Avenue Church is more than pleased with the book. The great variety of new music, the long list of old familiar tunes, the superb Psalter, combine to make the work of permanent value, and we already handle it as a friend."

*Rev. William Durant*, Pastor First Presbyterian Church, Saratoga Springs, N. Y. (place of meeting of the General Assembly of 1894), writes: "Our congregation already sings more generally and with more spirit from the 'Hymnary' than I ever heard when it was using . . . book. It is the best all-round hymn and tune book of the century."

*Rev. Howard Duffield, D. D.*, First Presbyterian Church, N. Y. City, March 28, 1894: "It has captured the congregation. The people are as enthusiastically unanimous now as the committee were at the time of its adoption. It is a rarely happy combination of old and new hymns, of simple and difficult music. The percentage of waste has been reduced to a minimum. As a practical worship-book, exhibiting the best results of modern hymnody in a form which permits them to be mastered by the average congregation, it has touched high-water mark. Although recently introduced, it has so won its way into the affections of the Church that our people already regard it as an old friend."

A returnable copy of **The Church Hymnary**, with Rev. Dr. Henry Van Dyke's Psalter, based on the Authorized Version, and Rev. Dr. T. Ralston Smith's Psalter, based on the Revised Version, will be **sent free** to clergymen and music committees for examination, with a view to introduction.

*A 32-page descriptive pamphlet containing specimen pages and price-list sent free to any address.*

# OBERLIN COLLEGE.

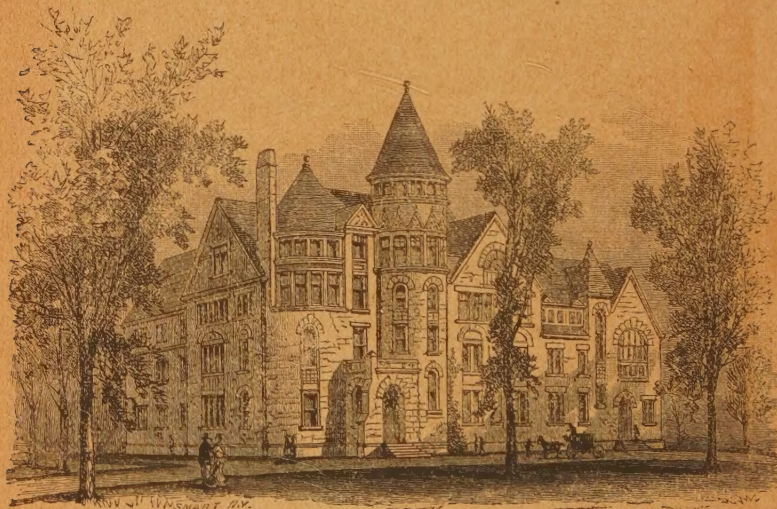

**Department of Theology.**—Instruction is given by the President and eight Professors and by eminent special lecturers appointed from year to year. Students have commodious, furnished rooms in COUNCIL HALL, which is devoted exclusively to the uses of this department. They have free access to all the classes, libraries, and cabinets of the other departments. Four months during the summer can be spent in home-missionary or other labor, with compensation, without interference with studies. During the last half of the course, the students have frequent opportunities to supply the neighboring churches. Students who need pecuniary assistance receive the usual aid from the American Education Society, and such appropriations from special funds under the control of the Seminary as enable them, with reasonable economy, to pursue their course without embarrassment. The degree of D. B. given to graduates. Extended Elective Courses. English course of three years for men lacking college training.

**Department of Literature and Science.**—Twenty-two Professors, besides Instructors and Tutors, give instruction in this department. There are three regular courses—*Classical* (for degree of A. B.); *Philosophical* (for degree of Ph. B.); *Scientific* (for degree of S. B.); all requiring the same amount of preparation. The Scientific course was opened for the first time in the fall of 1891, to entering Freshmen only. One half of the work in the Classical and Philosophical courses is elective. More than one hundred and fifty elective courses are offered in nineteen departments of work. There has been, recently, a large extension of the work in Philosophy and in Mathematics and Science. The large number of elective courses gives special opportunities for graduate study.

**Oberlin Academy.**—Comprises Classical School, which prepares students for the best colleges, and an English School, which offers the advantages of a first-class Academy to those who can spend but little time at school. Instruction is given by the Principal of this department, and twenty regularly appointed teachers.

Expenses in all departments for tuition, incidentals, and board are low. (1,492 students last year—a majority from outside of Ohio.) Students who do not wish to take a full course can select such studies in any department as they are prepared to pursue to advantage. Both sexes admitted. Location healthful, and religious influences the best. No drinking saloons in town. In all departments, fall term begins Sept. 19, 1894; winter term begins Jan. 2, 1895; spring term begins April 3, 1895. Circulars, with full information, sent free by

## OBERLIN CONSERVATORY OF MUSIC.

The attention of music students is invited to the unequalled combination of advantages to be found in this Conservatory. (1) It is carried on in a pre-eminently religious atmosphere. Its teachers are all Christian men and women, who believe that the highest attainments in music should not be gained, as they too often are, with a lapse from good habits or the loss of Christian faith. (2) Its instruction is of the most thorough sort. It aims to give that genuine culture in music which is much more than the mere ability to sing a song or thum an instrument. (3) Its charges are very low. The entire expenses for a music student for a college year need not exceed \$300 to \$350, and with careful economy may be brought still lower. (4) Those who wish to give only a part of their time to music are able to pursue special studies under the best of teachers, in any of the other departments of Oberlin College.

Six hundred and seventy-two students were in attendance at this Conservatory last year, and it has more applications every year for teachers, organists, etc., than it can fill from its graduates. For catalogue and fuller particulars, address Prof. F. B. KIES, *Director*, Oberlin, Ohio.

# Ridge's Food

USED FOR 30 YEARS

## Still Unexcelled

### Unadulterated Nourishment.

To those not versed in the composition of Prepared Food it is next to impossible to show with what nicety the proportion of each edible must be adjusted to meet in the best manner the requirements of delicate and perhaps even shattered physical systems.

An experience of over 30 years has enabled us to produce in a small compass a food of the highest possible nutritive value, suited to the needs of the weakest as well as the youngest stomachs.

All detrimental elements have been eliminated, and in every process the most extreme care is exercised. The result is a product of just those ingredients known to give health and strength to the weak, young or old.

We believe that the above statements are endorsed by every reader or physician who has given RIDGE'S FOOD a practical test.

We invite correspondence from any one interested ;— physicians supplied with sample. Ridge's Food is sold in cans, 4 sizes, 35c. up.

A pamphlet prepared by a physician of large experience, with invaluable hints for the child and the aged, will be sent to any address mentioning this publication and sending two 2-cent stamps for return postage.
